Table of Contents

- System Requirements
- Pairing the Point-of-Sale (POS) to the EFTPOS Terminal
- Perform a test Purchase Transaction
- Perform a test Refund Transaction

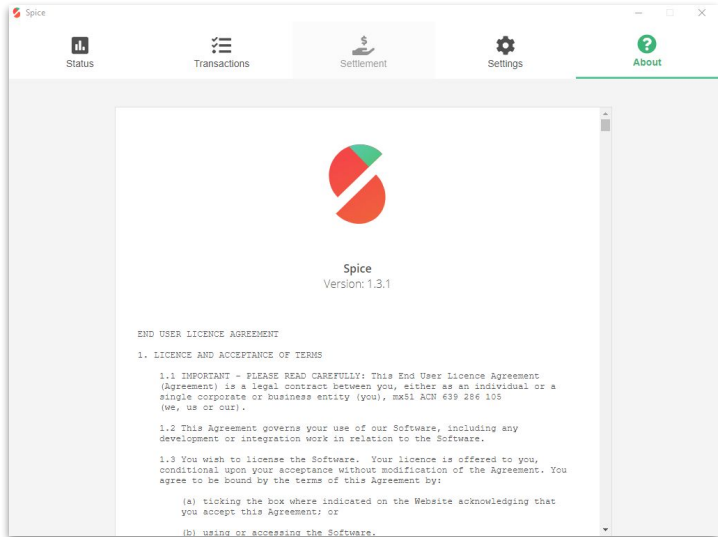

System Requirements

Systems	Requirements
Connectivity	Both the Point-of-sale (POS) system and EFTPOS Terminal need to be connected to the same Local Area Network
POS Version	1.1.98.F and above
POS Operating System	Windows 10 and above
Integration Type	SPICE

Pairing the POS to the EFTPOS Terminal - *Setting up Spice* (1 of 7)

Steps	Example Screens
1. Download Spice https://spice.integration.mspenv.io/latest.exe <i>* Please see your POS provider for enabling Spice integration within the POS. Set up will vary depending on the POS provider.</i>	 The screenshot shows a white box with a light gray border. At the top, it says "Minimum PC Specifications". Below this, there is a bulleted list of requirements: "1.6 GHz or faster processor (32-bit or 64-bit)", "Windows 8 or newer", "2 GB Ram", and "Internet connection (will function offline)". In the center, there is a blue button with the word "Download" in white. At the bottom, it says "Please contact your POS software provider to complete pairing."
2. Spice will begin downloading. Once complete, select open in your toolbar or go to your PC downloads folder.	
3. When the program is run, there is no visible installation process and Spice should appear within a few seconds.	

Pairing the POS to the EFTPOS Terminal - *Setting up Spice* (2 of 7)

Steps	Example Screens
4. You will be automatically directed to the about tab (end user licence agreement).	 The screenshot shows the 'Spice' application window with the 'About' tab selected. The window title is 'Spice'. The top navigation bar includes 'Status', 'Transactions', 'Settlement', 'Settings', and 'About' (highlighted with a green question mark icon). The main content area displays the 'Spice' logo (a red and green circle with a white diagonal line) and the text 'Spice Version: 1.3.1'. Below this is the 'END USER LICENCE AGREEMENT' section, which includes the following text: <pre>END USER LICENCE AGREEMENT 1. LICENCE AND ACCEPTANCE OF TERMS 1.1 IMPORTANT - PLEASE READ CAREFULLY: This End User Licence Agreement (Agreement) is a legal contract between you, either as an individual or a single corporate or business entity (you), mxsl ACN 639 286 105 (we, us or our). 1.2 This Agreement governs your use of our Software, including any development or integration work in relation to the Software. 1.3 You wish to license the Software. Your licence is offered to you, conditional upon your acceptance without modification of the Agreement. You agree to be bound by the terms of this Agreement by: (a) ticking the box where indicated on the Website acknowledging that you accept this Agreement; or (b) using or accessing the Software.</pre>
